INTERNATIONAL FORWARDING  
& LOGISTIC CENTER

[WWW.PACOBO.COM](http://WWW.PACOBO.COM)

Your best forwarding specialists  
for Eastern Europe, since 1991.

CHOP, UKRAINE

## INTRODUCTION

Ukrainian forwarding company PACOBO Ltd International Forwarding & Logistic Center was founded in 1991. Our general profile is rail / road transportation and terminal handling in the Commonwealth of Independent States (CIS) and in Europe.

By working more than 25 years on the international forwarding market, PACOBO gained a big experience in cargo transportation. Our aim is providing flexible, innovative and high quality forwarding services for palletized, oversized, bulk and container cargo.

PACOBO Ltd head office and Logistic Center PACOBO are located in Chop, Ukraine, right at the adjunct of the Hungarian – Slovak – Ukrainian border. Chop is the meeting point of the European 1435 mm and 1520 mm wide CIS rails, therefore the town is the most important gate between East and West. Chop is a key location also in road transportation: Zahony – Chop border crossing point “Tisa” is one of the biggest and busiest borders around the Schengen area.

## LOGISTIC CENTER PACOBO, CHOP, UKRAINE

Logistic Center PACOBO provides transloading services from European railcars into CIS type wagons and / or trucks and the opposite way. The terminal handles palletized cargo, goods in sacks (for example sugar) or big bags, paper rolls, containers, heavy equipments and machineries, vehicles, bulk cereals, hazardous cargo and military equipment.

PACOBO terminal also provides a wide range of additional services, such as issuing phytosanitary and oversized cargo permissions, special attested loading and lashing schemes, transit customs financial guarantees for excise cargo, complete import and export customs clearance, photo and video control, surveyor services and insurance.
